

Model shown with optional chrome-plated metal parts.

FCS SERIES CHAIRS

Tubular steel base/waterfall front seat/backrest with lumbar support.

FCS chairs are recommended for use in healthcare, educational, industrial, office and static control settings.

The upgraded, sewn seam design of this chair series is only part of the story behind its fresh look and feel – the rest lies in the foam. Using seams allows us to minimize compression of the pre-contoured foam seat and backrest during the manufacturing process. As a result, the chairs remain substantially more comfortable over time. Plus, they are fully customizable.

STANDARD FEATURES

Backrest: Larger ergonomic backrest with sewn seams, both lower and upper back support 18" wide x 19" high.

Seat: Saddle-shaped, contoured seat with sewn seams and waterfall front, 21" wide x 19" deep x 3" thick.

Controls: Standard with Task Control – Soft-touch pneumatic seat-height adjustment, fixed rearward seat tilt of 3.5°, backrest tilt, backrest-height adjustment.

Base: Rugged 5-legged tubular steel base with 23" leg spread and 21" diameter attached footring.

Casters and Glides: Dual-wheel, non-marring polyurethane casters resist movement when the seat is unoccupied.

Fire Retardant: Meets California Technical Bulletin 117.

Upholstery: A wide range of vinyl and fabric upholstery options are available to meet your needs.

Metal Parts: FCS Series chairs have a black powder-coated finish as standard or a chrome-plated finish when specified with a C option code.

Warranty: 13 years.
