

Model shown has optional chrome metal parts.

# FLW Vacuum-Formed SERIES CHAIRS

## Standard powder-coated finish/polished wide aluminum base/ergonomic backrest.

For areas that require “elbow room”, the smaller backrest coupled with the larger ergonomic seat allows nurses, anesthesiologists as well as many types of laboratory technicians to appreciate this chair. As with the other chairs in the Vacuum-Formed series, the comfort and ease of use can't be beat.

### STANDARD FEATURES

**Backrest:** 15.5” wide x 14.5” high, lumbar curve, protective plastic back panel, height and tilt adjustment standard.

**Seat:** Saddle-shaped, contoured, 21” wide x 19” deep x 3” thick with waterfall front.

**Controls:** Standard with Task Control – Soft-touch pneumatic seat-height adjustment, fixed rearward seat tilt of 3.5°, backrest tilt, backrest-height adjustment.

**Base:** High-profile, polished wide aluminum base, 28.7” diameter; European-look delivers impactful aesthetic and T-shape construction provides added stability.

**Casters and Glides:** Dual-wheel, non-marring polyurethane casters resist movement when the seat is unoccupied.

**Fire Retardant:** Meets California Technical Bulletin 117.

**Metal Parts:** FLW Series chairs have a black powder-coated finish as standard or a chrome-plated finish when specified with a C option code.

**Warranty:** 13 years.
