

REXFORD™ RXW SERIES STOOLS

Polished wide aluminum base/round upholstered seat.

Choose Rexford RXW Series stools for top performance in a wide variety of environments including: industry, education, laboratory and healthcare. Each stool within this series features a different base to meet specific needs. Round upholstered seats are standard. Options include footrings, paint finishes, casters and glides.

Model shown has optional chrome metal parts.

STANDARD FEATURES

Seat: Round, 16" diameter, upholstered, with 3.5" of high-resilience molded foam cushioning.

Controls: Pneumatic seat-height adjustment.

Base: High-profile, polished wide aluminum base, 28.7" diameter; European-look delivers impactful aesthetic and T-shape construction provides added stability.

Casters and Glides: Dual-wheel, non-marring polyurethane casters resist movement when the seat is unoccupied.

Fire Retardant: Meets California Technical Bulletin 117; treatment to meet CAL 133 is optionally available.

Upholstery: A wide range of vinyl and fabric upholstery options are available to meet your needs.

Metal Parts: Rexford RXW Series stools have a black powder-coated finish as standard or a chrome-plated finish when specified with a C option code.

Warranty: 13 years.
