

## One of the most important parts of our business, is protecting yours. Here's how.

A busy warehouse, plant, or distribution center can pose a real challenge when it comes to safety. That's why SPG makes Jarke protective rail systems that are designed to withstand the hazards of the workplace — to help make certain that your employees, equipment, and inventory can do the same.

Our Steel Sentry® brand has helped set the standard for quality and durability in the industry. The Jarke line of protective rails includes:

- Guardrails
- Corrugated guardrails
- Handrails
- Bollards
- Post protectors
- Corner guards
- Guards for machinery and overhead doors

To help you create the safest possible work environment, the Jarke line includes features designed to increase their versatility while meeting the unique design needs of your facilities.

- Guardrails come in either all-welded construction or as a bolt-together system that offers greater access for servicing machinery and equipment
- Rail systems come in different sizes to handle a wide array of applications
- System components coordinate with each other to let you design a customized protection system

### *Expect More...*

Jarke systems from SPG make it easy for you to create secure, protected spaces within your facilities. From the loading dock to the warehouse...from the factory floor up to the mezzanines and walkways...Jarke protective rail systems can help safeguard your operations and your future.
