

CEREX™ CXW SERIES STOOLS

Fully polished wide aluminum base/round self-skinned urethane seat.

Model shown has optional chrome metal parts.

Choose Cerex stools for top performance in a wide variety of environments including: industry, education, laboratory, clean room, anti-static and healthcare.

These stools are standard-equipped with round, 14" diameter x 1.5" thick, self-skinned urethane seats and soft-touch pneumatic controls. Select from four available bases and customize with performance options.

STANDARD FEATURES

Seat: Round, 14" diameter x 1.5" thick, self-skinned urethane.

Controls: Soft-touch pneumatic seat-height adjustment.

Base: High-profile, polished wide aluminum base, 28.7" diameter; European-look delivers impactful aesthetic and T-shape construction provides added stability.

Casters and Glides: Dual-wheel, non-marring polyurethane casters resist movement when the seat is unoccupied.

Metal Parts: CXW Series stools have a black powder-coated finish as standard or a chrome-plated finish when specified with a C option code.

Warranty: 13 years.
