# **CNC TOOL STORAGE SOLUTIONS**

With the flexibility of our CNC line, your tools are always protected during regular handling, transportation and storage. Rousseau's CNC tool rack is unique in many ways, it is:

- Modular: It is compatible with the entire Rousseau product range
- Adaptable: Available blank or with perforations, it can be adapted to any type of tool
- Sturdy: Maximum support and stability prevents tools from falling, even when the rack is tilted
- Ergonomic: Practical, ergonomic handles make it easy to carry. The 20° angled adapters facilitate handling of parts in Spider® Shelving and on WM uprights
- Secure: With its resistant PVC extruded design, it can withstand blows and corrosion, and allows fluids to drain away, which prolongs the life of your tools

The racks also feature a tool identification zone for quick and easy tool retrieval.

# THE ROUSSEAU DIFFERENCE

Made of resistant PVC, the extruded part of the rack protects tools against impacts. Contact points between tools and the rack are minimized to help prevent corrosion.

The tool rack has perforations for Taper, Straight, Sandvik Capto, HSK, KM and VDI tools. A blank version with perforations is also available.

The core component of the system — the tool rack — is compatible with the entire Rousseau product line. It is compact and sturdy and includes practical, ergonomic handles to facilitate tool transportation.

With its original two-level design, the rack offers improved support and increased stability, preventing tools from falling out even in a tilted position.

# PRECONFIGURED MODELS

#### IMPORTANT

CNC tool storage products include NC10 blank tool racks by default. To order models with NC12 perforated racks, contact Customer Service or consult the Price Tool on e-Rousseau

## 87"H SHELVING WITH MODULAR DRAWERS

NCS2392

NCS2392		30"×24"×87"	8	
•	1 drawe	r, 3"H with groove	e trays	

 $W \times D \times H$ 

NO. OF RACKS

- 1 drawer, 4"H with foam for collets
- 1 drawer, 4"H with compartments
- 2 drawers, 7"H with adapters
- 5 shelves

PRODUCT NO.

- 1 set of 48"H mounting brackets
- 4 shelf dividers
- 2 welded closed uprights

- 1 front base
- 4 floor anchor plates
- 1 floor anchoring hardware kit
- 2 back panels
- 8 blank NC tool racks

Shelving with drawers must be anchored to the floor (anchor kit included).

### 75"H SHELVING WITH ADAPTERS

NCS4195

NCS4195

- PRODUCT NO.  $W \times D \times H$ NO. OF RACKS NCS4195 36"×18"×75"
- 3 shelves
- 3 pairs of tool rack adapters
- 2 shelf dividers
- 2 welded closed uprights
- 1 front base
- 4 floor anchor plates
- 1 floor anchoring hardware kit
- 2 back panels

PRODUCT NO.

NCS6194

9 blank NC tool racks

MINI-RACKING NCS6194

 $W \times D \times H$ 

NOTES: Load capacity per steel decking level: 1,925lb.

2 welded Mini-Racking uprights

• 5 heavy-duty tie bars

- 60"×24"×87" • 5 pairs of heavy-duty beams • 2 steel decking levels
  - 3 blank PVC decking levels

Load capacity per PVC decking level: 1,000lb.

## IMPORTANT

This CNC tool storage product includes NC33 blank tool decking by default. To order a model with NC34 perforated decking, contact Customer Service or consult the Price Tool on e-Rousseau.

 32" × 27" × 411/4"
 8

- 1 mobile cart with 4" casters
- 1 shelf with handle
- 4 double WM tool rack adapters
- 8 blank NC tool racks

## **TOOL RACKS**

### TOOL RACK FOR WM, DRAWERS AND SHELVING

NC10/NC12

NC10

- Perforated or blank rack available
- Made of resistant PVC, the extruded part of the rack protects tools against impacts, corrosion and metal shards
- Widths available: 30" and 36"
- Includes an identification zone for quick and easy tool retrieval
- Compatible with 28"W and 34"W WM11 frames (or two WM10 uprights and a WM15 crossmember) and WMA units with NC50 adapters
- Compatible with WM35 wall-mounted frames with NC50 adapters
- Compatible with RF31/RF32/RF33/RF34/RF35/RF36 drawers (with NC54 adapters) in the following sizes:  $30"W\times21"D$ ,  $36"W\times18"D$ ,  $30"W\times24"D$ ,  $36"W\times24"D$ ,  $30"W\times27"D$
- Compatible with Spider® shelving (with NC51 adapters) in the following sizes:  $30"W\times24"D$ ,  $36"W\times18"D$ ,  $36"W\times24"D$
- Color: black

### SHELVING - WM UPRIGHTS AND FRAMES - CABINETS

CNC tool storage products (see pages 254-256) include NC10 blank tool racks by default. To order models with NC12 perforated racks, contact Customer Service or consult the Price Tool on e-Rousseau.

NOTE: The number of tools that a tool rack can hold varies according to tool diameter and the length of extruded surfaces. The number of holes specified in the table indicates the number of perforations per extruded surface.

#### TOOL RACK FOR TEKZONE HUTCH

NC14/NC15

• Perforated or blank rack available

- Made of resistant PVC, the extruded part of the rack protects tools against impacts, corrosion and metal shards
- Widths available: 23" and 29"
- Includes an identification zone for quick and easy tool retrieval
- Attaches to TekZone Hutch rear utility panels at the desired height
- Color: black

NOTE: The number of tools that a tool rack can hold varies according to tool diameter and the length of extruded surfaces. The number of holes specified in the table indicates the number of perforations per extruded surface.

# **TOOL RACK ADAPTERS**

WM ADAPTER NC50

- Adapters for installing NC10 and NC12 tool racks in WM11 frames with uprights spaced 28" and 34" apart c/c (or two WM10 uprights and one WM15 crossmember) or in WMA stands, see pages 151 and 197;
- For installing NC10 and NC12 tool racks in WM35 wall-mounted multi-purpose frames, see page 199;
- Side security notches in the WM adapter ensure tool rack stability
- Angled forward 20° for easy access to tools
- Single and double models in two widths available for one or two racks respectively, 30" (for 28" c/c widths) and 36" (for 34" c/c widths)
- Easy assembly, no tools required

PRODUCT NO.	TYPE	WIDTH
NC50-2801	Single	28" c/c
NC50-2802	Double	28" c/c
NC50-3401	Single	34" c/c
NC50-3402	Double	34" c/c
		/ -/

### TOOL RACK SHELVING ADAPTERS

- Sold in pairs
- Adapters for installing NC10 and NC12 tool racks in 30"W×24"D, 36"W×18"D and 36"W×24"D Spider® Shelving, see page 262;
- Angled forward 20° for easy access to tools

PRODUCT NO.	DEPTH	NO. OF RACKS
NC51-1801	18"	3
NC51-2401	24"	4

- Supports three or four NC10 or NC12 tool racks
- Compatible with Spider® shelving only
- Galvanized steel
- Easy assembly, no tools required

## TOOL RACK DRAWER ADAPTERS

- · Sold in pairs
- Adapters for installing NC10 and NC12 tool racks in 7"H heavy-duty drawers (RF31/RF32/RF35/RF36) or in 10"H, 12"H or 14"H drawers for CNC tools (RF33/RF34), see pages 207-208 and 261
- Compatible with modular drawers of the following sizes: 30"W×21"D, 30"W×24"D, 30"W×27"D, 36"W×18"D and 36"W×24"D

PRODUCT NO.	DEPTH	NO. OF RACKS
NC54-1801	18"	3
NC54-2101	21"	3
NC54-2401	24"	4
NC54-2701	27"	4

- The adapters prevent the tool racks from tipping when door is opened or closed
- Supports three or four NC10 or NC12 tool racks
- Galvanized steel
- · Easy assembly, no tools required

• For storing and protecting long objects

Blue color for easy identification of

partitions, dividers and plastic bins

Nominal depths available: 18", 21", 24"

parts, files, tools, etc.

• For 3"H and 4"H drawers

stored items

and 27'

such as drill bits, borers, sockets, lathe

Compatible with the following accessories:

To order: Add the drawer depth required to the product number, e.g., RG35-062425.

RF34-3624	36"×24"	shelving*

NOTES: \*Mounting brackets are required to install drawers in shelving, see page 123.

Adapters must be ordered separately, see page 260.

### PROTECTIVE FOAM

**RG41** 

- Protects items stored in the drawer
- One piece of ¼"-thick blue foam

PRODUCT NO.	FOR DRAWER
RG41-3021-01	30"W×21"D
RG41-3024-01	30"W×24"D
RG41-3027-01	30"W×27"D
RG41-3618-01	36"W×18"D
RG41-3624-01	36"W×24"D

NOTE: Partitions and dividers cannot be installed in the same drawer as this foam.

## TOOL FOAM

.

- Oil resistant and non-absorbent
- One piece of ¼"-thick blue foam
- One piece of ½"-thick self-adhesive black foam
- Sold without cut-outs. Can be cut with a utility knife

Sold without cut-outs.

RG43-3618-01	36"W×18"D
RG43-3624-01	36"W×24"D

## PLASTIC BIN

Sold without cut-outs.

- For 3"H and 4"H drawers
- 45° angled rim for easy identification of bin contents and removal of bins
- Compatible with the following accessories: partitions, dividers and groove trays
- 6" plastic bins can be subdivided

## **BOX SHELF**

 Box-type shelf with front and rear edges roll-formed and welded

**SH20** 

- 20ga steel. Thickness: 11/4"
- Includes four sturdy and compact SH60 clips
- Includes perforations spaced 3" apart c/c for installing dividers

PRODUCT NO.	$W \times D$
SH20-3024	30"×24"
SH20-3618	36"×18"
SH20-3624	36"×24"

#### IMPORTANT

Multi-level shelving is not recommended if first-level shelving only contains tool racks and two shelves.

NCS4196

# **MINI-RACKING COMPONENTS**

These models are designed to hold steel shelves and decking for CNC tools. They include one tie bar per "long-span" shelf.

48"W models and under have medium-duty beams and tie bars. 60"W and 72"W models have heavy-duty beams and tie bars.

### IMPORTANT

Refer to technical guide N50 for recommended layouts based on tool height and intended use.

### **PVC DECKING FOR CNC TOOLS**

### NC30/NC31/NC33/NC34

PVC decks for Mini-Racking must be ordered separately from preconfigured models. The following table specifies the product number corresponding to your tool type.

To find out the number of tools you can store in perforated decking, multiply the number of perforated decks in your decking by the number of holes in a NC31 deck.

The number of tools a PVC deck can hold varies according to tool diameter and the extruded surface length. The number of holes specified in the table indicates the number of perforations per extruded surface.

- Decking with perforated (NC31 and NC34) or blank (NC30 and NC33) surfaces available
- 6"W units available: NC30 and NC31
- Models for 48"W, 60"W and 72"W Mini-Racking levels available: NC33 and NC34.
   PVC decking model numbers must be completed with the tool code
- Made of resistant PVC, the extruded part of the deck protects tools against impacts, corrosion and metal shards
- Load capacity for an 18"D PVC deck (NC30/NC31): 75lb.
- Load capacity for a 24"D PVC deck (NC30/NC31): 100lb.
- PVC decking can be combined with SR40 steel decking on the same level
- 6"W decks do not include label holders
- 48"W, 60"W and 72"W decking include an NC32 label holder

UPRIGHT	TYPE OF SURFACE	UNIT WIDTH		BEAM WIDTH	
ASSEMBLY DEPTHS		6"	48"	60"	72"
18"	Blank	NC30-1800	NC33-481800	NC33-601800	NC33-721800
	Perforated	NC31-18	NC34-4818	NC34-6018	NC34-7218
24"	Blank	NC30-2400	NC33-482400	NC33-602400	NC33-722400
	Perforated	NC31-24	NC34-4824	NC34-6024	NC34-7224
