PRODUCT APPLICATION SHEET

40 x 48 XpressPal® MD

This new 40 x 48 XpressPal® MD was designed to efficiently store, ship and handle product throughout the grocery supply chain.

This nestable pallet offers a favorable nest ratio that optimizes space in standard 53' trailers. Its anti-skid surface holds cases and boxes in place in transit and at retail. Contoured corners and smooth surfaces allow for easy handling, yet long-lasting durability. The smooth, non-porous construction protects product (no nails, rust or splinters) and does not absorb moisture or odor. Its all-plastic construction ensures dimensional consistency and repeatable performance during its entire service life.

BENEFITS

- Long service life, with lower per-trip cost than alternative pallets
- Consistent weight and size for accurate transportation costs
- Smooth, all plastic construction reduces product damage
- Versatile handling, with 4-way hand and fork truck entry
- Easy cleanability in any application
- Lighter weight for better ergonomics
- Twin sheet thermoformed for superior impact resistance
- Recyclable
- Higher truckload quantity
