

PRODUCT APPLICATION SHEET

40 x 48 HDSC Plastic Stackable Pallet - ORBIS

The 40 x 48 HDSC is designed for handling and shipping heavy product loads in warehousing, processing and manufacturing environments.

This reusable plastic pallet offers a long service life and are ideal for stack loading, conveying systems, distribution and static storage. The non-porous, smooth design makes these pallets easily cleanable. This plastic pallet offers an economic, environmental and efficient alternative to wood pallets or skids. Standard material for this pallet is high-density polyethylene (HDPE).

BENEFITS

- Hygienic, flow-through design
- Manufactured in HDPE
